OCCUPATIONAL HEALTH

## NEWSLETTER

January 2009

### Occupational Health

#### Birthday

As our 10<sup>th</sup> birthday approaches this month we are starting a newsletter to inform everybody, where we are up to and what we are doing to move the business forward.

#### Leavers Medicals

We have approached some of our clients to see if we can help them by doing leavers medicals. This has now been taken up by request of their insurers. So we are now rolling this service out to all of our clients and can be tailored to their individual needs.

#### Nurses

We have recently taken on two more nurses to our proactive team. We are also actively looking for a part - time nurse in the north west to join us.

#### Clients

I am happy to announce that we have taken on three new clients. I am looking to continue this rise into 2009.

#### Investors in People

2009 will also see COH gaining recognition with Investors in People.

### Mobile Unit

This has been another success this year, work coming in and existing work re booking.

The construction industry, have taken advantage of this yet again with another northern company coming on board. Part of the reason why the unit was put together in the first place. It has also taken us to more Cathedrals, to cover their stonemason's joiners and gardeners.

It just proves that the unit can go any where and perform what it was stated to do.

It also goes to manufacturing sites where there is no hearing booth so we do the hearing tests keeping within the legal requirements.

### Staff News

#### Carole

During August and September some of you may know that Carole had major surgery, we are now pleased to have her back, and on form sorting us all out again.

She was covered by Angie Tallis who helped keep us all in order she did a really good job, so we wish to send her a big thank you.

#### Kerry

At the latter end of 2008 we have welcomed Kerry Black back with us after her maternity leave. And all our nurses are busy sorting out their training schedules for 2009 as part of their self development programme

#### Christine

On a sad note Christine Longney who many of you will know and has been with COH for many years. Christine has done sterling work for the company, but has now decided to take early retirement. I would like to take this opportunity to thank her and wish her well in all that she now decides to do in the future.

### Christmas

This year we had a great night out at the Dogs in Hall Green, two of our staff came away with a good profit one who came with her Sainsbury's shopping money to play with and thank god we didn't have to bail her out.

### First Aid Training

This coming year will see change's being brought in from October on how First Aid at Work training will be delivered. This is being led by the HSE and we at COH intend to be at the cutting edge of these new initiatives. We will keep you all updated on this as it happens

**Special Anniversary offers also available on  
Full First Aid and Refresher Courses**
